OBJECTIVE

B.Tech Computer Science Engineering student with hands-on experience in frontend and full-stack web development. Seeking a Web Developer entry-level role to apply technical skills, build scalable applications, and gain industry experience.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science Engineering

2023 – 2027

Dr. A.P.J. Abdul Kalam Technical University (AKTU)

CGPA: 8.05

EXPERIENCE

Frontend Developer

1 Month – Present

Elation Softnet Pvt. Ltd.

- Developed and maintained responsive web pages using HTML, CSS, JavaScript, Bootstrap, and React.js.
- Created reusable UI components and implemented interactive frontend functionality.
- Translated design requirements into clean, responsive, and user-friendly interfaces.
- Integrated REST APIs to display and manage dynamic application data.

SKILLS

Programming Languages	C, JavaScript, TypeScript
Frontend Technologies	HTML, CSS, Bootstrap, React.js, Next.js (Familiar)
Backend Technologies	Node.js, Express.js, REST APIs, JWT Authentication, TypeORM
Databases	MongoDB, PostgreSQL
Tools	Git, GitHub, VS Code
Operating System	Windows

PROJECTS

Zentora – Job Portal

Developed a full-stack job portal application that allows users to search and apply for jobs, while companies can manage job postings and candidate applications. Implemented user authentication, role-based access, REST APIs, database integration, and a responsive user interface.

Real-Time Chat Application

Developed a real-time chat application using React.js, Node.js, Express.js, MongoDB, and Socket.IO with JWT Authentication, secure login, and instant one-to-one messaging.

Weather Application

Built a responsive weather application using HTML, CSS, JavaScript, React.js, and Weather API integration to display real-time weather information based on user search.

TRAINING

MERN Stack Apprenticeship

6 Months

Techpile Technology Pvt. Ltd.

- Completed hands-on training in frontend and backend web development using the MERN stack.
- Built web applications using React.js, Node.js, Express.js, and MongoDB.
- Developed REST APIs and implemented JWT-based authentication.
- Used Git and GitHub for version control and project development.

MERN Stack Internship

6 Months

Apna College

- Gained practical knowledge of full-stack web development and application architecture.
- Worked with React.js, Node.js, Express.js, and MongoDB to build full-stack applications.
- Practiced API integration, database operations, authentication, and responsive UI development.
